RE: Castle Construction

October 19, 2005

Over the past five years Byer Properties has been doing business with Castle Construction at our three shopping centers here in the Fresno / Clovis area. Castle Construction has taken several vacant spaces and completed vanilla shell construction, installed updated handicap ramps and parking lot stripping to meet ADA requirements, installed an exterior elevator and extended an existing overhang & installed storefront windows.

Currently Castle Construction is in the middle of a bakery tenant improvement of an old restaurant space and we are in the planning stages of demo of an existing 7,000 square foot bank building that will be replaced by a multi tenant building.

In my 14 years of working with Byer Properties I have had the opportunity to work with a lot of contractors and I have to say that Jon & Reno are among the best I have worked with. Their attention to detail and the ability to complete a project in a timely manner with the quality we expect has been wonderful.

I highly recommend Castle Construction to anyone considering new or remodel commercial construction.

Sincerely

Ann Reiter
Property Manager
