Re: Castle Construction – Letter of Recommendation

To Whom It May Concern:

We are writing this letter to highly recommend Castle Construction as an outstanding construction firm, and Jon Hunter and Reno Coletti as outstanding people and businessmen. We have worked closely with Castle on a variety of real estate development and construction projects over the last 5 years and we have been very pleased with the results of their work.

Castle has always been cooperative and very responsive to our needs. Whether preparing “best guess” estimates; selecting and negotiating with subcontractors, coordinating people, equipment and materials; being considerate of and responsive to our tenants, neighbors, and other contractors; or addressing billing concerns, Castle’s willingness to go above and beyond the normal call of duty has been important in the ultimate success of our projects. In particular, we have been impressed with the honest, fair, and cool headed approach that Castle uses to handle the conflicts that inevitably come up in a project. We also appreciate the diligent way they follow through on the little details that need to be addressed, and stay on them until they are resolved or completed.

Castle adds value to our projects by anticipating potential problems in advance and making the necessary modifications to save us money and time in the future. We have every confidence that Castle will do what it takes to ensure the timely, cost effective completion of our developments.

We feel strongly that Castle Construction would be an important asset to any development team. Please do not hesitate to contact either of us if you have any questions or would like to discuss any of this in further detail.

Sincerely,

Tanner Tingey
